Freelance Work

January 2018 — Present
Working with a broad range of clients creating printed and digital matter. Including websites, posters, publications, and social media content. All requiring knowledge and implementation of best file saving-practice, print production, and application of unique visual systems. I create, and maintain my schedule, workflow, and collaborate with other designers and local printers.

Experience

The GOlab at VCUarts
Print & Graphics Lab Associate
January — December 2019
Responsible for assisting students and faculty in large format printing, risography, vinyl production and bookbinding techniques. Reformatted files to be print ready. Maintained lab and its machines, conducted tours and shared additional university resources.

VCU School of Humanities and Sciences
Graphic Design Intern
August — December 2019
Responsible for designing a wide range of print and digital collateral including brochures, flyers, and various graphic assets for promoting the School, its faculty, and staff.

Studio Two Three
Design / **Studio Assistant**
May — August 2017
Assisted with screen-printing and multidisciplinary studio work including collaborating with other studio artists, public outreach, maintaining facilities and community vision of Studio Two Three. Various print and design work used for promoting the studio's annual fundraiser, *Silver Factory*.
